Career Objective

Enthusiastic and detail-oriented junior front-end developer with strong skills in HTML, CSS, JavaScript, Java, Spring Boot, and SQL. Experienced in building responsive, user-friendly web applications and eager to expand technical expertise in modern development practices. Known for problem-solving abilities, adaptability, and a commitment to delivering clean, efficient code while contributing effectively within a collaborative team environment.

Projects

♦ ATM Management System | Spring MVC, Hibernate, MySQL

(<https://github.com/ajaydevle26/ATM/tree/main/SimpleATM2>) :

Designed and developed a full-stack ATM application using Spring MVC for structured request handling and hibernate for database interaction. Implemented user registration and login functionality with encrypted password storage and session-based authentication. Created secure withdrawal workflow including balance verification, transaction validation, and exception handling. Configured Hibernate mappings, DAO layers, and service layers to ensure clean and maintainable architecture. Integrated MySQL for persistent account data storage and used JSP/Servlets for the front-end views. Focused on robustness by adding form validation, error messages, and user-friendly interfaces. Ensured scalability, modularity, and clean coding standards throughout the project.

♦ Employee Management System | Spring MVC, Hibernate, MySQL

(<https://github.com/ajaydevle26/Employee-Management-System/tree/main/EmployeeManagementProject>) :

Created a fully functional employee management application that supports adding, updating, and deleting employee details. Utilized Spring MVC for controller and view handling, and Hibernate for ORM-based database interaction. Implemented form validation, structured layers (Controller–Service–DAO), and clean UI pages using JSP. Ensured smooth CRUD operations with proper exception handling and logical workflows.

♦ Login & Registration System (MVC & JDBC API)

(<https://github.com/ajaydevle26/loginProject/tree/main/Adsoftech>) :

Developed a Login & Registration System using MVC and JDBC API, featuring secure user authentication, session handling, and database connectivity. Implemented validations, structured workflows, and efficient data management for smooth user interaction.

♦ Calculator Application (HTML, CSS, JavaScript)

(<https://ajaydevle26.github.io/calculator/>) :

Built an interactive calculator using HTML, CSS, and JavaScript capable of performing basic arithmetic operations with a clean and responsive UI.

Professional Experience

Quality Analyst — Datamatics Business Solutions | Aug 2022 – June 2025

Managed multiple clients and research agents to deliver data projects on time while handling data extraction from platforms like ZoomInfo, LinkedIn Sales Navigator, Apollo, and Cognism. My responsibilities included processing and consolidating large datasets, performing quality checks, and preparing reports based on client requirements. I also coordinated with account managers for business needs, maintained historical data, handled email and call queues, and conducted internet-based research to support various business projects.

Quality Analyst — Nexsales Solutions Pvt. Ltd. | July 2021 – July 2022

I managed domain-specific projects to ensure timely and high-quality delivery while coordinating with the support team to produce accurate weekly reports. I also handled monthly and quarterly data refresh cycles and oversaw key operational activities to maintain smooth workflow performance.

Web Research Analyst — Nexsales Solutions Pvt. Ltd. | June 2018 – June 2021

I conducted primary and secondary research to gather business-related information, analyzed trends to forecast outcomes, and recommended process improvements. I also compiled actionable insights from data to support informed decision-making.

Skills

Category	Skills
Backend/Core	Java, Spring Boot, Spring MVC, Hibernate, SQL, JDBC API, MySQL
Frontend/Web	HTML5, CSS3, JavaScript, JSP/Servlets, Responsive Design
Tools/Concepts	Git, GitHub, MVC Architecture, RESTful Concepts, ORM
Soft Skills	Analytical & Problem-Solving, Teamwork, Adaptability, Detail-Oriented, Verbal & Written Communication

Education

Qualification	Institution / Board	Year of Completion
Java Development Training	QUASTECH - IT Training & Placement Institute	2024-2025
B. Com	Mumbai University	2018
HSC	Mumbai Board	2014
SSC	Maharashtra Board	2013

Personal Details

Date of Birth: 26 Sept 1997
Nationality: Indian
Languages: English, Hindi, Marathi

Declaration:
I hereby declare that the above information is true to the best of my knowledge.
